## MOCK SCHEDULE & GUIDELINES

### Examination Guidelines for Students

#### Before Examination

- It is each candidates responsibility to note carefully the days and hours, as fixed on the timetable for the examinations in the subjects in which they intend to sit.
- All students must attend their examination centre at least **10 minutes** before the scheduled start time.

#### During Examination

- Toilet breaks will only be allowed in exceptional circumstances. Candidates will not be permitted to leave the examination centre unless the superintendent is satisfied that the candidate's need to leave the centre is genuine.
- The candidate must hand the answer booklet to the superintendent on leaving the hall; the superintendent should record the time on the cover of the answer booklet. The student will be asked to sign a record each time they leave an examination centre.
- Students must leave all personal belongings in their assembly area. School bags are not permitted in the examination hall and only materials needed for the examination are permitted.
- A supervisor may request a student move seats during the examination. Full cooperation regarding this matter is required by all students.
- No communication with another student is permitted at any time while the examination is taking place. A student must raise their hand if he/she wishes to attract the attention of the superintendent.
- Do **not** turn over your examination paper until instructed to do so. Do **not** write anything on the exam paper or stationary until the examination begins.
- Silence must be observed during the examination. Failure to maintain silence may result in expulsion from the examination centre.
- Students' examination will be cancelled without an opportunity to repeat under the following circumstances:
  - **If there is a suspicion of cheating by the exam supervisor.**
  - **If a mobile phone is found in the student's possession (even if the phone is off)**
- Students who have completed their examination early **may not** leave the examination centre. Students may study for their next exam.
- Students who wish to sign out after an examination must be given permission, in writing, by a parent or guardian.
- **Students must, in all matters relative to the examination, submit to, and obey, the directions of their supervisor.**
